For immediate release: Saturday, April 12, 2014

**Statement from Director of the Bureau of Land Management Neil Kornze on the Cattle Gather in Nevada:**

As we have said from the beginning of the gather to remove illegal cattle from federal land consistent with court orders, a safe and peaceful operation is our number one priority. After one week, we have made progress in enforcing two recent court orders to remove the trespass cattle from public lands that belong to all Americans.

Based on information about conditions on the ground, and in consultation with law enforcement, we have made a decision to conclude the cattle gather because of our serious concern about the safety of employees and members of the public.

We ask that all parties in the area remain peaceful and law-abiding as the Bureau of Land Management and National Park Service work to end the operation in an orderly manner.

Ranching has always been an important part of our nation's heritage and continues throughout the West on public lands that belong to all Americans. This is a matter of fairness and equity, and we remain disappointed that Cliven Bundy continues to not comply with the same laws that 16,000 public lands ranchers do every year. After 20 years and multiple court orders to remove the trespass cattle, Mr. Bundy owes the American taxpayers in excess of \$1 million. The BLM will continue to work to resolve the matter administratively and judicially.

Thank you (b) (6), (b) (7)(C) for this information. We had a very angry gentleman walk in this morning while I was on the phone with a customer and he insisted to (b) (6), (b) (7)(C) that he speak to me since I represent BLM. He let me have it good on his opinion of what 'we' are doing to the ranchers and that he wanted to speak to our leader. He said to tell our leader that he hopes, and that our leader deserves, to receive great punishment and discipline for what he is doing to the ranchers. He yelled "what you are doing is wrong and needs to be stopped!"

I was very kind to him and told him we didn't know any details and that I apologize. He then walked out the door still telling me what he thought about the BLM.

(b) (7)(C), (b) (6) just now called to let the front desk staff know that Individuals are trying to obtain information on names and phone numbers of BLM Law Enforcement Rangers. Front desk staff is directed to not give out any information to these individuals per (b) (6), (b) (7)(C)

Thank you,

BLM WO Public Affairs has provided us with the following information and guidance.

As you may be aware, BLM Nevada and NPS are currently conducting a large cattle impoundment in Southern Nevada. If you receive inquiries please see below.

All,

As you are all aware, The BLM and the NPS are currently conducting a impound of Cliven Bundy's cattle in Southern Nevada. The Bundy Impound has generated a large amount of media interest and associated support for the Bundy family including threats to BLM offices and employees.

All offices should remain vigilant of suspicious persons attempting to access BLM facilities and be aware that protest activities may be staged at one or more BLM facilities as a result of the impound.

Please direct all of your employees to contact BLM law enforcement and/or local law enforcement if any suspicious activity is noted. Please contact either myself, your Assistant Special Agents-In-Charge, State Chief Rangers, or respective Special Agents with any questions.

If you receive inquiries please direct the media and public to the following resources:

(b) (6), (b) (7)(C) could you please forward this to the affected EAs. Thank you.

All,

In an effort to identify the origin of any threatening or harassing calls we receive, (b) (7)(E) (b) (7)(E) We are focusing our efforts on the phone lines being answered by the (b) (7)(E) and a small number of direct-access lines. Specifically the lines listed below:

(b) (6), (b) (7)(C), (b) (7)(E)

If you are responsible for answering any of the above listed phone lines, and you receive a call in which the caller does the following:

- Directly threatens you with serious bodily injury or death; or
- Makes threats of serious bodily injury or death to another person or multiple people; or
- States they are affiliated with a militia group

Please complete the attached Threatening Call Log. Feel free to expand the narrative block on the form as much as you need. If you receive a threatening call with specific information that leads you to believe someone is in immediate danger, please contact me immediately at (b) (6), (b) (7)(C)

Provided the caller makes no threats, you do not need to log calls in which the caller merely yells, makes rude comments, or uses profanity.

At the end of the business day, please submit the completed logs back to my attention. I will arrange to have

the information passed back to (b) (7)(E) You do not need to contact (b) (7)(E) directly.

Thanks again for the personal strength and professionalism you have demonstrated over the past few days. We would not be able to weather this storm without you ! (b) (6), (b) (7)(C)

If you have any questions, please give me a call.

## Centralized Storage Point for Threatening Email and Other Materials

(b) (6), (b) (7)(C)

Attn: SAC/Chiefs -

Please share this information with your State Directors for dissemination as appropriate.

As a consequence of the recent cattle gather in Nevada, some BLM offices and employees have received threatening email, telephone calls, voice mail, correspondence, etc. The BLM law enforcement program needs to be made aware of , and have access to, all the threats received.

Generally speaking, the threatening contacts of primary concern are those in which:

- Someone directly threatens you with serious bodily injury or death; or
- Someone makes threats of serious bodily injury or death against another person or group of people.

To facilitate law enforcement's collection and review of these threats, the National Operation Center (NOC) has established a single email account in which to collect copies of all threat materials.

Effective immediately, copies of all threatening materials (e.g., emails, voice mail transcripts or recordings, copies of correspondence, etc.) are to be forwarded to BLM\_CI@blm.gov . Materials previously provided directly to the attention of BLM Special Agent (b) (6), (b) (7)(C) do NOT need to be re-forwarded to BLM\_CI@blm.gov .

If you have questions concerning how to handle any threats or threatening material, please contact your local BLM law enforcement officer, or Special Agent (b) (6), (b) (7)(C) at (b) (6), (b) (7)(C)

To further facilitate the management of threatening email linked to the cattle gather, the NOC has provided guidance on various email management options. These options are detailed below.

A. Two Blson Connect options exist for forwarding existing threatening emails to the designated law enforcement mailbox (BLM\_CI@blm.gov). Both options create a copy for law enforcement review, while also retaining the original copy in the recipient's mailbox.

Option 1 - Manually forward individual emails from your regular mailbox to the law enforcement mailbox (BLM\_CI@blm.gov). This is done in the same manner you would forward any email message.

Option 2 - Manually forward a collection of emails to the law enforcement mailbox by placing them in a special email folder (a label) and forwarding them in bulk to the law enforcement mailbox (BLM\_CI@blm.gov) using the function in the FOIA DMU tool. See the instructions contained in the FOIA DMU Tool.docx attachment.

B. Two Blson Connect options exist for managing the receipt of large numbers of threat or spam email.

Option 1 - For large numbers of emails already in the user's Inbox, a special email folder (a label) can be created and the user can manually move the emails to the label. Instructions for creating and moving messages to a label are contained in the "Filtering Emails.docx" attachment.

Option 2 - If large numbers of new threatening and harassing emails are being received, a filter can be used to automatically send newly received emails to a special user-defined email folder (a label). Instructions for creating filters are found in the "Filtering Emails.docx" attachment.

In extreme cases (e.g., where hundreds of threatening or harassing emails are being sent to a single account) the NOC will work directly with the user to implement an appropriate mail management solution.

To: BLM\_OR\_EU\_ALL (b) (6), (b) (7)(C)

Due to the recent Cattle Impoundment down in Nevada, we are asking employees to take extra safety precautions out in the field and in our BLM Offices, parks and other facilities. Unfortunately this incident has had a negative response and outcome from the public and media. It has shed a lot of negative attention and misinformation on the BLM, our Law Enforcement Officers and BLM employees nationwide.

We are asking employees to be extra vigilant and utilize extra safety measures and practices during this time:

1. Continue to utilize in/out board. Please remember to document specific locations and return times
2. At this time I recommend keeping a low profile and not to wear anything that says you work for the BLM.
3. If you are asked about this specific incident, please do not engage with the public regarding the incident and refer them to PIO.
4. If possible try to double up when going to the field
5. Take measures to ensure our facilities and vehicles are secure when leaving them unoccupied or unattended.
6. Please report anything suspicious to BLM law enforcement or local law enforcement if it is an immediate threat or concern.

Law enforcement will be staying close to the BLM Offices and our off site facilities. Employee safety is our priority and we will provide as much coverage as possible.

Local law enforcement has also been contacted and will be increasing patrols and checks

As promised on our call. This is two days old now and I know all of you have continued to work with your offices and partners to assure the safety of our employees and facilities. Keep up the good work!

It might be a good idea to keep a running log of the outreach you are doing and measures being implemented as I wouldn't be surprised to see more data calls on the subject.

Thanks to all.

To: BLM\_ID\_ILT (b) (6), (b) (7)(C)

Cc: BLM\_ID\_LE

You all have likely heard of the ongoing impound of Cliven Bundy's trespass cattle in Nevada by the BLM and NPS as well as the related protests. Bundy supporters have urged those who can't travel to Nevada to stage protests at their local BLM offices. Address and phone number lists for BLM offices are circulating among protestors.

If you become aware of any activity at your offices related to this, please immediately notify your Ranger as well as (b) (6), (b) (7)(C) and me. Protestor tactics include filming BLM employees reacting to their activities, so if you get protestors, stay calm and remember you are on camera.

Also, protestors are trying to obtain access to BLM officers' work or personal cell phone numbers, personal Facebook accounts, home addresses, etc. Please remind your public contact personnel not to give out any information about employees, especially those Rangers, Special Agents or other staff who may be working the impound.

Please contact me or (b) (6), (b) (7)(C) if you have any questions or concerns.

There is a Facebook page "We support Cliven Bundy". They posted locations and phone numbers to all District, Field, and State offices. The page requested those who can not go to the fight bring the fight to local offices.

I had a general contact with neighbors this morning. Nothing in the contact would be deemed as hostile or potentially hostile to the BLM or our employees (quite the opposite as they wholly support our actions). However, we do have Bundy family members who reside in the (b) (6), (b) (7)(C) area. If anything arises from my patrols on Saturday (tomorrow) I will advise.

Due to the operation in Nevada, there is an increased threat of protests at BLM facilities. The following arrangements been made to address potential threats:

- (b) (7)(A) have been notified and will increase patrols of facilities in the (b) (7)(A) and (b) (7)(A) area.
- (b) (7)(A) In the (b) (7)(A) and (b) (7)(A) have been contacted and the (b) (7)(A) have agreed to monitor our facilities in both districts more closely and to forward any information to local (b) (7)(A) or me.
- (b) (7)(A) have been contacted and will increase monitoring of our facilities and forward any information to local (b) (7)(A).
- I briefed the (b) (7)(C), (b) (6) on the situation. He stated that he has not heard of any protests planned in the short term and knows of no threats. (b) (7)(C), (b) (6) will have (b) (7)(C), (b) (6) to occasional drive bys of the (b) (7)(A) and will let me know if he hears of potential threats.
- Per direction from DC, I have asked the (b) (7)(A) to modify their patrol activity so as to do periodic drive bys of our facilities.
- (b) (7)(C), (b) (6) has contacted (b) (7)(A) in (b) (7)(A) and briefed them on the situation. (b) (7)(A) will monitor and forward any intelligence to (b) (7)(C), (b) (6).

Please discuss with your staff the potential for protests and encourage them to pay attention to what is going on around our facilities. Also have them report any suspicious activity to law enforcement and management. It would be a good idea to identify a 1st Amendment area and to remind employees not to interact with protesters. They have a right to peacefully protest as long as they are not blocking access or interfering with our operations.

If you have any questions, we can discuss on the call at 3pm.

## Thanks

Idaho and Alaska - Please distribute to your LE programs.

All - I have been working with the Oregon BLM Public Affairs shop to get some info/direction out to all employees regarding issues arising related to the Bundy Op. **I was just notified that they have been told to stand down, and that the Washington Office will be putting something out.**

I know some of the Districts have been getting caught flat-footed on calls due to a lack of information. In the interim, I would encourage all LEOs to work with their local management, public affairs, and front desk folks to get them briefed generally on the situation, and specifically on how to handle the calls/emails as they come in. Examples include:

- Don't give out LEO/employee cell #s, work schedules, or any personal information
- Don't engage regarding their "grievances", refer them to sites listed below for that purpose
- Do get names/call back #s if possible
- Do let your LEOs know of calls and document
- etc.

I'm again copying below the resources sent out earlier for information/questions/complaints regarding the Bundy Operation.

Here is a link for the public to learn more about the operation: [http://www.blm.gov/nv/st/en/fo/lvfo/blm\\_programs/more/trespass\\_cattle.html](http://www.blm.gov/nv/st/en/fo/lvfo/blm_programs/more/trespass_cattle.html)

BLM NV has a comment hotline set up where people can call and leave a message: 775-861-6515. They listen about once an hour and call back people who have specific questions they want answered. So encourage people to use that if they can.

BLM NV is also taking comments by email: [nvsoweb@blm.gov](mailto:nvsoweb@blm.gov)

As always, please contact me with any questions/issues/concerns. I'll try to get info pushed out as fast as possible. Thanks.

All,

You are all probably all over this already but I think it is a good time to reach out to those LEOs that were down at the round-up and make sure that you have accountability of them and you know when they are supposed to be reporting back to your States.

There are quite a few threats floating around reference to all of us as BLM LEOs so its a good idea to call your folks to asses how they are doing and when they are expecting to return. SCRs please tie in with your managers to have them do the same. Please let me know after you talk to your people if there are personnel security concerns that they may have and if so we may need to put some mitigation in place.

Also, thank you all for responding to the security data call!!

Questions please let me know.

(b) (6), (b) (7)(C)

All,

As you are all aware, The BLM and the NPS are currently conducting a impound of Cliven Bundy's cattle in Southern Nevada. The Bundy impound has generated a large amount of media interest and associated support for the Bundy family including threats to BLM offices and employees.

All offices should remain vigilant of suspicious persons attempting to access BLM facilities and be aware that protest activities may be staged at one or more BLM facilities as a result of the impound.

Please direct all of your employees to contact BLM law enforcement and/or local law enforcement if any suspicious activity is noted. Please contact either myself, your Assistant Special Agents-in-Charge, State Chief Rangers, or respective Special Agents with any questions.

If you receive inquiries please direct the media and public to the following resources:

Here is a link for the public to learn more about the operation: [http://www.blm.gov/nv/st/en/fo/ivfo/blm\\_programs/more/trespass\\_cattle.html](http://www.blm.gov/nv/st/en/fo/ivfo/blm_programs/more/trespass_cattle.html)

Idaho and Alaska - Please distribute to your LE programs.

All - I have been working with the Oregon BLM Public Affairs shop to get some info/direction out to all employees regarding issues arising related to the Bundy Op. I was just notified that they have been told to stand down, and that the Washington Office will be putting something out.

I know some of the Districts have been getting caught flat-footed on calls due to a lack of information. In the interim, I would encourage all LEOs to work with their local management, public affairs, and front desk folks to get them briefed generally on the situation, and specifically on how to handle the calls/emails as they come in. Examples include:

- Don't give out LEO/employee cell #s, work schedules, or any personal information
- Don't engage regarding their "grievances", refer them to sites listed below for that purpose
- Do get names/call back #s if possible
- Do let your LEOs know of calls and document
- etc.

I'm again copying below the resources sent out earlier for information/questions/complaints regarding the Bundy Operation.

Here is a link for the public to learn more about the operation: [http://www.blm.gov/nv/st/en/fo/ivfo/blm\\_programs/more/trespass\\_cattle.html](http://www.blm.gov/nv/st/en/fo/ivfo/blm_programs/more/trespass_cattle.html)

BLM NV has a comment hotline set up where people can call and leave a message: 775-861-6515. They listen about once an hour and call back people who have specific questions they want answered. So encourage people to use that if they can.

As always, please contact me with any questions/issues/concerns. I'll try to get info pushed out as fast as possible. Thanks.

**Subject:** Increased Awareness Due to Bundy Impound

free to make any needed edits to the below document and then put out widely through the appropriate channels in Alaska. Thanks!

All,

As you are probably aware, the BLM and the NPS are currently conducting a impound of Cliven Bundy's cattle

in Southern Nevada. The Bundy impound has generated a large amount of media interest and associated support for the Bundy family including threats to BLM offices and employees.

All offices should remain vigilant of suspicious persons attempting to access BLM facilities and be aware that protest activities may be staged at one or more BLM facilities as a result of the impound.

Please direct all of your employees to contact BLM law enforcement and/or local law enforcement if any suspicious activity is noted. Please contact (b) (6), (b) (7)(C)

(b) (6), (b) (7)(C)

with any incidents/questions/issues.

If you receive inquiries please direct the media and public to the following resources:
