

Apples vs. Oranges:

**BLM's Claimed Cattle Hoofprint vs. Actual Cattle Hoofprint in Sage Grouse Habitat
September 2014**

	USGS/BLM report	PEER's analysis using BLM's updated LHS records
Livestock (acres of grazing allotments)	6,569,300 *	92,400,546 **
Wild Horses & Burros (acres in Herd Management Areas)	15,440,700	15,440,700

* Figure based on failure to meet wildlife habitat standard due to livestock

** Figure based on BLM grazing allotment area as calculated by PEER based on maps obtained from various agencies
