Tim: Yes, I did receive your message.

Simply put, there is no such agency report.

There is a team, from outside the park and the region, that is undertaking a review of events occurring at the park, including lessons learned.

I am in the process of obtaining an update of the status of this effort, and an idea of when the report may be finalized, and available to you and others. Stay tuned.

Dear madam, does there exist an internal report on the previous impacts at EFMO dated April,2014? If so, can you send it to me? Thanx, Tim Mason, *Friends of Effigy Mounds*
