Civil Action No. 20-1224-TSC

**SECOND SUPPLEMENTAL
COMPLAINT**

**SECOND SUPPLEMENTAL COMPLAINT FOR
DECLARATORY AND INJUNCTIVE RELIEF**

INTRODUCTION

1. Plaintiffs bring this action for declaratory and injunctive relief to vacate the Defendant Secretary of the Interior’s order of May 5, 2020, and to vacate subsequent actions on or about June 5, 2020, and August 10, 2020, by the Department of the Interior enabling two Deputy Directors to exercise the authority of the Directors of the Bureau of Land Management (BLM), and the National Park Service (NPS) without compliance with the Federal Vacancies Reform Act

(“FVRA”), 5 U.S.C. §§ 3345-3349d.¹ Neither William Pendley, who is playing the role of BLM Director nor Margaret Everson, who is in the role of NPS Director, have been confirmed as Directors by the United States Senate under the Constitution nor been appointed by President Trump as “acting” Directors under the FVRA. The challenged actions are arbitrary and capricious and unlawful under the Administrative Procedure Act (“APA”), 5 U.S.C. § 701, *et seq.* In addition, Mr. Bernhardt’s authorization of Mr. Pendley to continuously exercise the BLM Director’s authority violates the Federal Land Policy and Management Act (FLPMA), 43 USC §§1701-1785, because Mr. Pendley lacks the qualifications mandated under that Act to do so.

JURISDICTION AND VENUE

2. This Court has jurisdiction over this action under 28 U.S.C. § 1331 (federal question) and the Declaratory Judgment Act, 28 U.S.C. § 2201.

3. This Court has the authority to award costs, expenses, and attorneys’ fees under the Equal Access to Justice Act, 28 U.S.C. § 2412(d).

4. Venue is properly vested in this court under 28 U.S.C. § 1391(e) because the Defendants reside in this district, one Plaintiff is incorporated in this district, and because a substantial part of the acts and omissions giving rise to this suit occurred in this district.

PARTIES

5. Plaintiff PUBLIC EMPLOYEES FOR ENVIRONMENTAL RESPONSIBILITY (“PEER”) is a nonprofit organization incorporated in the District of Columbia and headquartered

¹ This Second Supplemental Complaint revises the First Supplemental Complaint filed herein on July 7, 2020. ECF No. 7, which revised the original Complaint filed herein on May 11, 2020. ECF No. 1. This revision is necessary to replace the former Defendant, David Vela, with the new Defendant, Margaret Everson, who recently replaced him.

in Silver Spring, Maryland. PEER also has field offices in Massachusetts, Florida, Tennessee, Colorado, and California. It is a national alliance of federal, state, and local resource professionals. PEER works nationwide with government scientists, land managers, environmental law enforcement agents, rangers, and other resource professionals committed to responsible management of America's public resources, including National Parks, BLM, and other public lands. PEER and its members include individuals who are directly impacted by the actions of all three of the Defendants as described herein.

6. Plaintiff WESTERN WATERSHEDS PROJECT ("WWP") is a non-profit corporation dedicated to protecting and restoring wildlife and watersheds on public lands throughout the American West. WWP has staff and offices in Oregon, Idaho, Wyoming, Montana, Nevada, Washington, and Arizona. Since its inception, WWP has advocated to curb ecological abuses from public lands livestock grazing throughout the West, and WWP also has an extensive history of working to curb the damage wrought by energy and mining projects. WWP works to advance science-based conservation of public lands and wildlife, ensuring that human activities become compatible with maintaining healthy native ecosystems. WWP and many of its more than 12,000 members and supporters have long-standing interests in preserving and conserving public lands managed by the BLM and NPS, as well as other governmental agencies. WWP and its members include individuals who are directly impacted by the actions of all three of the Defendants as described herein.

7. Defendant DAVID BERNHARDT, sued in his official capacity as Secretary of the Interior, is responsible for the Department of the Interior and its bureaus, including BLM and the NPS. He carried out the violations of the APA, FVRA, and FLPMA at issue in this suit.

8. Defendant WILLIAM PENDLEY is sued in his official capacity as Deputy Director of the BLM exercising the authority of the Director.

9. Defendant MARGARET EVERSON is sued in her official capacity in the NPS exercising the authority of the Director.

STATUTORY AND CONSTITUTIONAL BACKGROUND

10. **Administrative Procedure Act.** The APA confers a right of judicial review on any person that is adversely affected by an “agency action”. 5 U.S.C. § 702. Upon review, the court shall “(1) compel agency action unlawfully withheld or unreasonably delayed; and (2) hold unlawful and set aside agency actions, findings, and conclusions found to be— (A) arbitrary, capricious, an abuse of discretion or otherwise not in accordance with law; (B) contrary to constitutional right, power, privilege, or immunity; C) in excess of statutory jurisdiction, authority, or limitations, or short of statutory right; without observance of procedure required by law”. *Id.* at § 706(2).

11. Under 5 U.S.C. §551(13) “**agency action**” is defined as “the whole or a part of an agency **rule, order**, license, sanction, relief, or the equivalent or denial thereof, or failure to act”. (emphasis added). A “**rule**” is defined in §551(4) as “the whole or a part of an **agency statement of general or particular applicability and future effect designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of an agency** and includes the approval or prescription for the future of rates, wages, corporate or financial structures or reorganizations thereof, prices, facilities, appliances, services or allowances therefor or of valuations, costs, or accounting, or practices bearing on any of the foregoing” (emphasis added).

12. **Federal Vacancies Reform Act.** The FVRA generally provides the exclusive means by which a government employee may temporarily perform the functions and duties of a vacant position in an executive agency that requires Senate confirmation pursuant to “advice and consent” under Article II, Section 2 of the U.S. Constitution. FVRA limits a government employee’s ability to serve as an acting officer in two primary ways. Section 3345(a) on “acting” officials provides that three classes of people may serve temporarily in an “advice and consent” position. As a default rule, the “first assistant” to a position automatically becomes the acting officer. Alternatively, the President may direct either a different senior official of that agency or a person serving in any other advice and consent position to serve as the acting officer. FVRA also limits the length of time a person may serve as acting officer, generally for up to 210 days, *Id.* § 3346.

13. FVRA provides, in pertinent part of Section 3345(b)(1): “Notwithstanding subsection (a)(1), a person may not serve as an acting officer for an office under this section, if—
..... (B) the President submits a nomination of such person to the Senate for appointment to such office.”

14. FVRA forbids lower unconfirmed officials who are not properly “acting” under 5 U.S.C. §3345(a) from occupying offices that require Senate confirmation. It provides in §3348, subsections (b)(1) and (2), that in the absence of a confirmed or a properly-appointed acting official “the office shall remain vacant; and...only the head of such Executive agency may perform any function or duty of such office”.

15. **Federal Land Policy and Management Act (FLPMA).** The governing BLM statute is the FLPMA, 43 USC §§1701-1785. The BLM Director position requires Senate

confirmation under §1731(a). That section also requires the Director to “have a broad background and substantial experience in public land and natural resource management”.

16. **NPS Organic Act.** The NPS Director position requires Senate confirmation under the NPS Organic Act, 54 U.S.C. §100302(a)(1).

17. **United States Constitution.** Article II, Section 2 provides:

[The President] by and with the Advice and Consent of the Senate, shall appoint Ambassadors, other public Ministers and Consuls, Judges of the supreme Court, and all other Officers of the United States, whose Appointments are not herein otherwise provided for, and which shall be established by Law.

FACTS

18. The publicly-owned land area of the BLM and NPS combined makes up almost one-seventh of the total area of the nation. The BLM consists of 247 million acres predominantly in western states, while the Park Service is responsible for protecting and preserving 85 million acres consisting of the crown jewels of the public lands system, with NPS units in every state. There are tens of thousands of agency staff. The value of the resources that the BLM and NPS control is vast and immeasurable, contributing to a massive portion of the nation’s economic activity, especially in the West, and providing incalculable ecological benefit to watersheds, airsheds, and quality of life.

19. On May 5, 2020, Defendant Bernhardt issued his “Order No. 3345, Amendment No. 32” by which he continued to redelegate power to Defendant Pendley and former Defendant David Vela to exercise the authority of the BLM and NPS Directors, respectively.. Neither of those men had been nominated or confirmed in their positions by the U.S. Senate during the 116th Congress, nor had they been appointed by President Trump as the acting Director under FVRA. Neither had ever qualified to be the acting Director of their respective agencies under 5 U.S.C

§3345(a). Even assuming *arguendo*, that they had ever so qualified, both subsequently exceeded the 210-day maximum period that they could have remained in office as the acting Director under FVRA.

20. William Pendley first began in the role of Deputy Director of the BLM “exercising the authority of the Director,” pursuant to Defendant Bernhardt’s earlier redelegation order Amendment No. 28, effective on July 29, 2019.² He came to BLM with no prior land management experience, having been employed for the prior 30 years as a lawyer and the Director of a conservative legal foundation. His appointment has continued since then via repeated Bernhardt redelegations. It has not been temporary and during Pendley’s tenure there has been no nominee for the BLM Director position placed before the current U.S. Senate.

21. Similarly, David Vela began in the role of Deputy Director of the NPS “exercising the authority of the Director,” pursuant to Defendant Bernhardt’s earlier Redelegation Order Amendment No. 29, effective on September 30, 2019.³ His appointment also was continued after then via repeated orders. There has no nominee for the NPS Director position placed before the current U.S. Senate.

22. The Bernhardt Redelegation Orders, including the May 5, 2020, order by which Mr. Pendley and Mr. Vela “exercised the authority of the Director” contained several false assertions, under “Sec. 1 Purpose”. These included falsely asserting that they were “temporary”; for both Mr. Pendley and Mr. Vela they endured for more than the 210-day duration that would be

² Secretary of the Interior, Order No. 3345, Amendment No. 28, at: https://www.doi.gov/sites/doi.gov/files/elips/documents/s0_3345_a28_.pdf.

³ Secretary of the Interior, Order No. 3345, Amendment No. 29, at: <https://www.doi.gov/sites/doi.gov/files/uploads/order-number-3345-amendment-number-29-508.pdf>.

allowed for temporary acting Directors under FVRA. The orders' falsity included the assertion that the need for these redelegations, which were amended 32 times, was because of the "Presidential transition," which was long past, more than three and one-quarter years since Mr. Trump's Inauguration on January 20, 2017. The Redelegation Orders for Pendley and Vela also falsely asserted they were necessary "pending Senate-confirmation of new non-career officials," when in fact there were no nominees pending for Senate confirmation for either the BLM or NPS Director.

23. Subsequently on June 5, 2020, the Department of the Interior under Defendant Bernhardt announced it was extending and continuing those two illegal appointments, allegedly with no further amended Redelegation Order, rather via a secret "updated succession order". This action was taken by the Department in reaction to the initial Complaint in this lawsuit. No termination date applied to these new appointments, thus they were not temporary. They also suffered from the same legal defects as the Redelegation Orders as far as improperly authorizing Mr. Pendley and Mr. Vela to "exercise the authority of the Director" for their respective bureaus. The BLM and NPS websites continued to identify them as occupying the Directors' offices and exercising the Directors' authority.

24. Subsequently, on June 26, 2020, the White House announced that President Trump intended to nominate Mr. Pendley to the Senate for confirmation as the BLM Director. On June 30, the President transmitted the nomination to the Senate. Mr. Pendley remains unconfirmed.

25. Subsequently, on August 7, 2020, Defendant Bernhardt announced that Defendant Margaret Everson would replace David Vela in the NPS exercising the authority of the Director. She lacked any qualifications for the position and was not eligible to accede automatically into the

position under FVRA. By his Order number 3381, dated August 10, Secretary Bernhardt formally gave her that authority effective immediately with no specific termination date.

26. The Appointments Clause, Art. II, Sec. 2 of the Constitution, is a key separation of powers between the Executive and Legislative branches and it provides an essential “check and balance”. The process of Senate advice and confirmation after recorded votes ensures that major bureau leaders, such as for the BLM and NPS, are publicly reviewed for their competency in open committee hearings. It further serves to root out extreme views and conflicts of interest. The lack of a confirmation hearing here harmed the interests of both PEER and the WWP, both of which were denied the opportunity to submit evidence and testimony into a confirmation record for Mr. Pendley and Ms. Everson.

27. The record shows that Mr. Pendley has actively performed duties and functions of the BLM Director over the past ten-plus months including, but not limited to:

A) Supervising the hiring, promoting, and appointments of lower BLM officers and overseeing and directing the expenditures of tens of millions of appropriated dollars.

B) Ordering the mandatory relocation of senior BLM career employees from the agency’s headquarters in Washington, D.C., to a new headquarters in Grand Junction, Colorado, under threat of termination. A relocation order to headquarters employees issued under Mr. Pendley’s direction states, “If you do not accept this directed geographic reassignment, you may be subject to a removal from Federal service.”

C) Issuing mandatory directives to all BLM staff with respect to teleworking and other work mandates in response to the COVID-19 pandemic. This includes, but is not limited to, his May 1, 2020, directive to “All Employees” that states Pendley is developing a “back to the office” plan that “will serve as the Bureau’s overall guidance for BLM state and

other offices”. Further, he has made major decisions on closing BLM lands to public access – or, in many cases, deciding not to close the lands - which impacted the infection risk of the public and BLM staff in those areas.

D) Making other major policy and operational decisions such as his announced determination to treat wild horses as the most important threat to BLM lands and his announcement that BLM’s law enforcement Rangers should defer to local sheriffs even when enforcing federal laws on BLM lands.

E) Issuing final agency decisions with respect to various BLM Resource Management Plans (RMP). Most recently, the Uncompahgre Field Office issued its Record of Decision and Approved RMP, dated April 10, 2020. It cites repeatedly to protest resolutions, conclusions, and other decisions by “the BLM Director,” which was the authority that Mr. Pendley was exercising at that point. Plaintiff WWP filed protests against that proposed RMP revision, thus was directly impacted by Mr. Pendley’s actions on it.

28. Mr. Pendley is unqualified to serve as BLM’s Director under FLPMA. The statute requires the Director to “have a broad background and substantial experience in public land and natural resource management”. Lawyer Pendley, who is the *de facto* Director, lacks those management qualifications.

29. The record also shows that Ms. Everson is actively performing duties and functions of the NPS Director since her appointment including, but not limited to:

A) Supervising the hiring, promoting, and transfers of numerous Park Superintendents and lower staff and directing the expenditures of tens of millions of appropriated dollars.

B) Making decisions regarding policy and operational challenges that the National Park System has repeatedly faced, such as COVID-19 closures. She is making major operational

decisions on closing Parks to public access – or, in many cases, deciding not to close the Parks - which impacts the infection risk of the public and NPS staff.

C) Continuing with the implementation of an illegal de-regulatory Directive under which, by fiat of the former Deputy Director “exercising the authority of the Director,” electronic bicycles (e-bikes) are now allowed in the National Parks despite being previously prohibited from Parks under NPS regulations. This directly impacted PEER which is a party to litigation against the Park Service based on its actions and inactions regarding e-bikes.

30. PEER and its officers, members and supporters are harmed by the Defendants’ past and ongoing violations of FVRA because PEER has a strong interest in ensuring that its member BLM and NPS employees serve under a properly Senate-confirmed or otherwise FVRA-compliant Director. PEER has a long history of advocacy, education, and other engagement regarding the Department of the Interior’s ongoing FVRA violations, particularly those involving Defendants Bernhardt, Smith, and Everson.

31. PEER’s clients and supporters, as well as several its Board Members, include past or current BLM or NPS employees who have been impacted by the specific actions and decisions of Defendants Pendley and Everson described above. PEER’s supporters/members within BLM and NPS are in reasonable fear of arbitrary re-assignments and transfers ordered by Pendley and Everson. Additional members of the public and BLM and NPS staff who are supporters/members of PEER, as well as PEER’s officers, have been impacted by the COVID-19-based closures – and refusals to close – public access to the BLM and NPS lands managed by the Defendants.

32. WWP and its officers and members also are harmed by the Defendants’ past and ongoing violations of FVRA because WWP has a strong interest in the legitimacy of the leaders

of these agencies, which are two of the nation's largest public lands managers. WWP's mission and very existence are tied to protecting and restoring wildlife and watersheds on BLM and NPS lands. WWP's long-standing interests in preserving and conserving public lands managed by the BLM and NPS are threatened by the Defendants' decisions; a prominent example is the illegitimate approval decisions made in the name of "the BLM Director" (Mr. Pendley) of April 10, 2020, with respect to the Uncompahgre RMP, referenced *supra*.

33. WWP and its officers and members have been impacted by the specific actions and decisions of Defendants Pendley and Everson described above. WWP's members and officers, have been directly impacted by the COVID-19-based closures – and refusals to close – public access to the BLM and NPS lands managed by the Defendants.

34. These FVRA and APA violations were repeated in numerous consecutive amendments to essentially the same Secretarial order, Number 3345, issued by Defendant Bernhardt. The violations are capable of repetition but evading review, thus they did not become moot when Amendment number 32 expired by its terms on June 5, 2020. The new "succession order" approach is intended to evade judicial review, however its effect is to continue and repeat the past Secretarial orders, as is also the case for Defendant Bernhardt's new Order 3381 of August 10 by which he appointed Margaret Everson to lead the NPS. Any other future device used to keep them in their offices should be viewed as continuations of the past illegal actions intended to evade review.

35. Mr. Pendley's performing in the role of *de facto* Acting Director of BLM after the President's nomination of June 26, 2020, is contrary to FVRA because it prohibits nominees from performing in such acting positions.

36. On April 28, 2020, Plaintiffs PEER and WWP issued a Notice of Intent to Sue to in the event that Secretary Bernhardt continued his illegal redelegations to Messrs. Pendley and Vela. None of the Defendants responded to that Notice. Defendant Bernhardt ignored it by issuing his May 5 redelegation order.

CLAIMS FOR RELIEF

Count I – Violation of the APA and FVRA with Redelegation Orders.

37. Plaintiffs re-allege and incorporate by reference each and every allegation in the preceding paragraphs.

38. The Bernhardt Redelegation Order of May 5, 2020, falsely asserted that it was “temporary” and that the need for the redelegations, which have been amended 32 times during the Trump Administration, is because of the “Presidential transition,” which is long past, more than three years and three months later. The Bernhardt Redelegation Order also falsely asserted it was necessitated “pending Senate confirmation” of actual Directors when Mr. Trump had submitted no nominees to the Senate during this Congress to be either the BLM or NPS Director.

39. The Bernhardt Redelegation Order as implemented violated FVRA because it vested the power to “exercise the authority of the Director” in the unconfirmed Deputy Directors William Pendley of BLM and David Vela of the NPS, making them then the *de facto* acting Directors of those agencies, without complying with Section 3345(a) of FVRA. The Bernhardt order as implemented also violated Section 3348, which requires that the “the office shall remain vacant” and forbids *de facto* officeholders.

40. The Bernhardt Redelegation Order, which constituted an agency action describing the organization of the Department of the Interior, the BLM, and the NPS, violated the APA

because it was false, arbitrary and capricious, an abuse of discretion, and contrary to the law, including FVRA and the U.S. Constitution, Art. II, Sec. 2. This claim is not moot as Defendants' actions fits squarely under the "voluntary cessation" and the "capable of repetition but evading review" exceptions to mootness.

41. The effects of the Defendants' actions were to harm Plaintiffs' interests, including everywhere within the BLM and NPS where Defendant Pendley and former Defendant Vela illegitimately exercised the authority of the Director of their bureaus.

Count II – Violation of FVRA and the APA with Succession Orders and Order 3381.

42. Plaintiffs re-allege and incorporate by reference each and every allegation in the preceding paragraphs.

43. The steps taken by the Department of the Interior on or about June 5, 2020, to keep William Pendley and David Vela as the *de facto* acting Directors of their bureaus amounted to a continuation and extension of their improper appointments under the prior Redelelegation Orders. Their positions therefore suffered from the same FVRA and APA violations alleged in Count I, *supra*, which are incorporated herein by this reference.

44. The appointment of Defendant Everson as the *de facto* acting Director of NPS on August 10, 2020, by Defendant Bernhardt in his Order 3381 also violated FVRA and the APA.

45. The manipulation of Interior's "succession orders" and Order 3381, as implemented, for the purpose of maintaining Messrs. Pendley and Everson in their *de facto* acting Director positions, which constituted agency actions describing the organization of the Department, violated FVRA and the APA.

46. The effects of the Defendants' actions have been to harm Plaintiffs' interests, including everywhere within the BLM and NPS where Defendants Pendley and Everson have illegitimately exercised the authority of the Director of their bureaus.

Count III – Violation of FVRA with Mr. Pendley's Nomination.

47. Plaintiffs re-allege and incorporate by reference each and every allegation in the preceding paragraphs.

48. On June 26, 2020, President Trump announced he was nominating Mr. Pendley to the Senate to be confirmed as the BLM Director, seeking its advice and consent under Constitution, Art. II, Sec. 2. His nomination was formally transmitted to the Senate on June 30.

49. Mr. Pendley's performing in the role of *de facto* Acting Director of BLM after he became the President's nominee to be the Director is contrary to FVRA because 5 U.S.C. §3345(b)(1) prohibits nominees of his status from performing that "acting" role. Defendant Bernhardt is facilitating that ongoing violation.

50. The effects of the actions of Defendants Bernhardt and Pendley's actions since the Presidents' nomination have been that Plaintiffs have been harmed by Mr. Pendley's management of the BLM lands, personnel, appropriated funds, and resources under his direction.

Count IV – Violation of FLPMA and the APA.

51. Plaintiffs re-allege and incorporate by reference each and every allegation in the preceding paragraphs.

52. The appointment of Mr. Pendley, a lawyer, by Secretary Bernhardt and the Department of the Interior to "exercise the authority of the Director" violated FLPMA. Section

1731(a) requires the Director to “have a broad background and substantial experience in public land and natural resource management”. Mr. Pendley does not have those qualifications.

53. Mr. Bernhardt and the Department’s appointment of Mr. Pendley as *de facto* Director when he lacks FLPMA’s mandatory qualifications was arbitrary and capricious and an unlawful action under the APA.

54. The effects of Mr. Bernhardt and the Department’s actions have been that Plaintiffs have been harmed by Mr. Pendley’s unqualified and neglectful management of the BLM lands, personnel, appropriated funds, and resources under his direction.

PRAYER FOR RELIEF

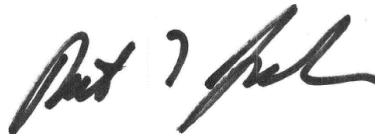

Wherefore, Plaintiffs respectfully request the Court to order the following relief:

- A. Declare that Defendant Bernhardt’s Redelelegation Order No. 3345, Amendment 32, dated May 5, 2020, as implemented, by which Defendants Pendley and former Defendant Vela purported to “exercise the authority of the Director” of the BLM and NPS, respectively, as well as Order 3381 by which Defendant Margaret Everson was named to replace Mr. Vela, are contrary to the APA and FVRA and otherwise not in accordance with the law;
- B. Declare that the Department of the Interior’s and Defendant Bernhardt’s succession orders dated on or before June 5, 2020, as implemented, and related actions by which Defendants Pendley and Everson purport to “exercise the authority of the Director” of the BLM and NPS, respectively, as well as any subsequent comparable action, is contrary to the APA and FVRA and otherwise not in accordance with the law;

- C. Declare that Defendant Pendley may not serve as the *de facto* Acting Director of BLM at the same time that he is the President's nominee for the Director because of FVRA's prohibition against a person of his status having those dual roles;
- D. Declare that Defendant Pendley's authorization to exercise the BLM Director's authority for more than ten months to date violates FLPMA because he does not have the statutorily-required qualifications to be the *de facto* Director;
- E. Enjoin any future actions by the Defendants in violation of the APA, FVRA, and FLPMA;
- F. Award Plaintiffs their attorneys' fees and costs; and
- G. Grant such additional relief as the Court deems just and proper.

Dated: August 26, 2020

Respectfully submitted,
