21 Defendant's Facilities, and/or that Defendant, or its predecessors, failed to take appropriate steps
22 to prevent and/or correct the violations alleged herein despite having power, authority and notice
23 sufficient to do so.

24 10. Defendant is a "person," as defined in Health and Safety Code section 25118 and

4 omission.

5 **JURISDICTION AND VENUE**

6 12. Venue is proper in this county pursuant to Health and Safety Code sections 25183
7 and 25516, in that certain of the violations alleged in the Complaint occurred in the County of
8 Ventura and throughout the State of California. This Court has jurisdiction pursuant to Article 6,
9 section 10 of the California Constitution and section 393 of the Code of Civil Procedure.

10 13. Plaintiff and Defendant have entered into a series of agreements to toll any
11 applicable statutes of limitation. As a result of those agreements, the period of time from April
12 30, 2010, through the date of the filing of the Complaint herein, inclusive (the "Tolling Period"),
13 will not be included in computing the time limited by any statutes of limitation applicable to the
14 causes of action brought against Defendant based on claims covered by the tolling agreements.
15 Those claims include the claims alleged in this action against Defendant.

16 **STATUTORY AND REGULATORY BACKGROUND**

17 14. The State of California has enacted a comprehensive statutory and regulatory
18 framework for the generation, handling, treatment, storage, transportation, and disposal of
19 hazardous wastes. This framework, contained in Chapter 6.5 of Division 20 of the Health and
20 Safety Code, sections 25100, et seq., and its implementing regulations, which are found at Title
21 22 of the California Code of Regulations section 66260.1, et seq., mandates a "cradle to grave"
22 system known as the Hazardous Waste Control Law ("HWCL"). The HWCL system is
23 maintained to record the generation, registration, tracking, storage, treatment, and disposal of
24 hazardous waste and to provide for the protection of the public and the environment from the
25 potential risks posed by hazardous waste. The State of California has enacted a comprehensive
26 statutory and regulatory framework for the notification, handling, training and spill/release
27 reporting of hazardous materials. This framework is contained in Chapter 6.95 of Division 20 of

1 the Health and Safety Code, sections 25500, et seq., and its implementing regulations, known as
2 the Hazardous Materials Release Response Plans and Inventory Law. In order to better inform
3 the public and to assist emergency responders, Chapter 6.95 has, for over twenty (20) years,
4 mandated that basic information on the location, type, quantity, and the health risks of hazardous
5 materials handled, used, stored, or disposed of in the State, which could be accidentally released
6 into the environment be made available to firefighters, health officials, planners, public safety
7 officers, health care providers, regulatory agencies and other interested persons.

8 **ENFORCEMENT AUTHORITY**

9 15. Section 25189 of the Health and Safety Code imposes civil liability for any
10 negligent or intentional violation of the HWCL, or for any violation of any permit, rule,
11 regulation, standard, or requirement issued or promulgated pursuant to the HWCL. Section
12 25189.2 is an alternative strict liability provision, which creates liability for any violation of the
13 HWCL, or for any violation of any permit, rule, regulation, standard, or requirement issued or
14 promulgated pursuant to the HWCL.

15 16. Business and Professions Code section 17206 imposes civil liability for any act of
16 unfair competition, as defined in California Business and Professions Code section 17200.

17 17. Business and Professions Code section 17203 authorizes the Court to issue an
18 order that enjoins any person who engages, has engaged, or proposes to engage in unfair
19 competition, as defined in California Business and Professions Code section 17200.

20 18. Health and Safety Code sections 25181 and 25184 authorize the Court to issue an
21 order that enjoins any ongoing or potential violation of the HWCL, or of any applicable rule,
22 regulation, permit, standard, requirement, or order issued or promulgated pursuant to the HWCL.

23 19. Health and Safety Code sections 25516 and 25516.1 authorize the Court to issue
24 an order that enjoins any ongoing or potential violation of Chapter 6.95.
